

Circa Lipstick

The Circa Lipstick is a full size cylindrical lipstick with an aluminium collar that creates a ring around the centre, allowing it to fit into many ranges with a round profile. The swivel mechanism is HCP's unique 'super smooth' design and the cup is designed to accommodate a 12.1mm or 12.7mm diameter bullet. The cover and base-cap are injection moulded components and the A-shell is manufactured in anodised aluminium. The covers and bases can only be moulded in opaque PS materials.

HCP Ref:
53J
