

Fusion Round Slim Wand

The 8.6mm cup Fusion Round Slim Wand has a longer base profile to enable precise and comfortable application; whether to the lips, cheekbones or as a concealer. The cap and base are flush fitted for a seamless/sleek appearance and the base can come fitted with a weight option for premium feel. The ABS cap and base can be extensively decorated via metallisation or spraying and decorated with screen printing or hotfoil stamping, while the A-shell can be anodised. Available POM-Free Lipstick Mechanism: 68B.
