GREEN ELIXIR

STYLING GEL

Let's give a **coloured pop** to your lash extension!

Green Elixir will **accentuate your glance** by **shaping** your extensions and making them **structured** and **extra shiny** with a delicate **green reflection**.

You can use it both on lashes and brows to **hydrate***, **nourish** and **style** them.

The formula is enriched with an **active in functional percentage**: **Citrus Junus fruit extract** is an evergreen tree, which is cultivated around houses, fields, and so on in Japan. Thanks to Ceramide B it helps in reducing water loss maintaining the hydration* and helping in the reparation of hair fibers superficial damages.

It also contains **Pentylene Glycol** and **Glycerin** that **contributes to eyelashes hydration**.

94,215% Natural Origin Content (ISO 16128)
