

13mm Fusion Sleek Lip Gloss Full Size

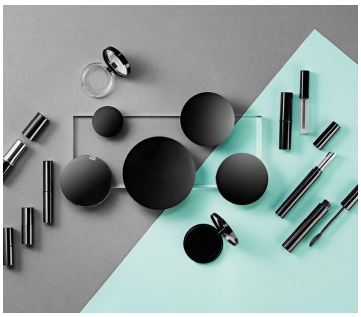

The Fusion Sleek Lip Glosses (available in full and mini size) have a thick-walled, one piece PETG bottle construction that offers crystal clear packaging appeal. When paired with an aluminium cap for an extra luxurious feel, the pack is complementary to the HCP stock Magnum range. Alternatively, select a paper cap for an all-over printed design that can also have added foil, spot UV or a matt or gloss finish. The wiper is bi-injected technology, combining the hardness of LDPE for pull force retention with the softness of TPE for an ideal wiping function. Or select a plastic cap. The pack with the Aluminium cap can be paired with the following applicators: Ballet, Heart, Lip Glaze, Small Feather, Curved, Geo-Taper, Leaf, Mini Bowl, Dome, Honey Dipper, Doesfoot, Mini Doesfoot, Brow Groomer and Mini Spatula.
