Airtight Slimstick (Eco – PCR)

As part of HCP's Eco program to offer sustainable packaging options, this item is available moulded in PCR materials. A sleek cylindrical profile slimstick with airtight sealing capability (subject to product testing). Designed with injection moulded R-PP cap and base with a plastic sleeve in R-ABS. The cup diameter is designed to accommodate a 8.3mm top fill bullet. This pack is complementary to the extensive Fusion Round range.
