

14.5mm Pacific Mascara (Eco – PCR)

As part of HCP's Eco program to offer sustainable packaging options, this item is produced using PCR materials. For brands looking to optimise their sustainable credentials via PCR materials, the bottle can be moulded in 30% R-PP or R-PET, the cap in 100% R-ABS and the rod in 50% R-PBT. The Pacific mascara stock pack has a luxurious tapered profile, with a gently sloping tear-drop surface to the cap. With extensive decoration capabilities and options for both twisted-wire and micro-precision moulded plastic brushes, this is a stand-out star of HCP's mascara offering. It is compatible with multiple brush types, rod and wiper combinations. This pack has a premium click closures and a decoration orientation feature to ensure a satisfying and high-end result. Cap options with straight, flat top-plate and dome top-plate are also available.
