

Round Magnetic Slim Refill Air Cushion Compact

The Round Magnetic Slim Refill Air Cushion Compact pairs a sleek profile with airtight performance, protecting liquid formulations for fresh, flawless application anywhere. Elevate this pack further with a decorative top-plate, perfect for creating a statement. Decoration options also span spray finishes, metallisation, silk screen, hot stamping, and heat transfer labelling. Engineered with a refillable patent-pending mono-material PP inner unit to extend product life and reduce waste, with PCR material options available to support eco-conscious brands.
