

Magnum Slim Refill Lipstick

HCP’s chic aluminium Magnum stock range is an ideal premium choice; combining the cool touch of metal with sleek contours for the ultimate in metallic luxury cosmetic packaging. The Magnum Slim Refill Lipstick has been optimised as a luxury rechargeable format with an all PP mono-material full-size refillable mechanism (cup size: 12.7mm/12.1mm) that is ready for single-stream recycling. The aluminium outer parts can be anodised with a shiny, satin, matt or brushed surface while decoration can be added with UV sprays and screen printing. To add a tactile pattern, the pack can also be decorated by pressing, rolling or lasering a design. PCR Materials can be utilised for the outer parts.
