

Auto Dropper 50ml

HCP's 'Auto-Dropper' features an auto-loading pipette design; an innovative format for a user-friendly application experience. This cutting-edge packaging solution combines convenience, controlled dosing and hygiene; offering streamlined dispensing of skincare and cosmetics products. The 'Auto-Dropper' is offered with 30ml or 50ml glass bottles and is suited to various low viscosity skincare formulas, including serum and essence.
