Ringo Refill Jar 50ml

The patented 'Ringo Refill Jar 50ml' offers a new, accessible ‘pop out’ gesture that allows easy replenishment of skincare product. This non-styrenic pack not only has a reduced environmental impact with a refillable format, it also has a significantly reduced material weight due to the outer jar ‘ring’ design, with the PP refill pod forming the base.

HCP Ref:
302N (pilot tool - samples ready for testing)
