

Fusion Round Refill Air Cushion Compact

The Fusion Round Cushion Compact is an innovative airtight compact designed to accommodate a liquid foundation formula on a sponge cushion. The pack can be decorated with spray finishes, metallisation, silk screen, hot stamping or heat transfer labelling. This item is available with a standard one-piece cover, or as a two-piece option to enable a decorative or special 'Glitter Storm' top-plate to be added. For sustainable credentials, this stock pack is supplied with a refillable inner unit. PCR materials are also available. This compact is patented in China and currently available only for the China territory.

HCP Ref:
920
