Color Capsule with PP cap 15ml

The ‘Color Capsule PP’ is an innovative pack design from HCP’s Design Futures team that embodies modern design with an elongated, domed profile. Designed with a PP cap, enabling decoration opportunities, this portable packaging exemplifies beauty and desirability. The squeezable 15ml tottle and slender nozzle enable controlled and targeted application, while its compact format makes it ideal for travel; portable and pocket-sized. It's also available with 3 nozzles for various formula viscosities. PILOT TOOL CAP | PRODUCTION TOOL TOTTLE
