

# Ringo Loose Powder Refill Pot 50ml

The patented 'Ringo Refill Jar 50ml' combines loose powder beauty packaging with an accessible and patented 'pop out' gesture that allows easy replenishment of product. This non-styrenic pack not only has a reduced environmental impact with a refillable format, it also has a significantly reduced material weight due to the outer jar 'ring' design, with the PP refill pod forming the base.

HCP Ref:  
304B (pilot tool)
