

Paper Lipstick

With fast turnaround of collections and a need to communicate a brand-story via packaging artwork and colour, HCP's Paper Lipstick is a versatile choice to reinvent a pack, season on season. Giving brands the opportunity to go to town with highly detailed graphics and vivid designs, this stock item enables full colour printing with special touches such as foils and spot UV to make logos pop. The Paper Lipstick uses HCP's super smooth lipstick mechanism plus a highly effective chamber at the base of the metal A-shell that prevents fraying of the sleeve during repeated use. FSC Certification can be provided. Available with Freedom: POM & Lubricant-Free Lipstick Mechanism (AL/Plastic): 66Z/6C7, POM-Free Mechanism: 68A.

HCP Ref:
598/67T
