

Porto Lipstick

The mini Porto Lipstick has an all plastic mechanism and features HCP's 12.7mm diameter stock cup. The base and cover can be colour moulded, sprayed or metallised while branding can be added with screen print or hot foil. The Porto Lipstick can also be supplied with a transparent cover or combined with the 'Push Pull Lipstick' - a versatile pack that is suitable for lips or face products such as contouring, concealer or highlighter.

HCP Ref:
55E
