Fusion Round Trimline Lipstick

The Fusion Round Trimline Lipstick is a 50/50 design cylindrical container with a swivel mechanism that utilises HCP's unique 'super smooth' design. The cup accommodates a 10.9mm diameter bullet and is designed for top filling. The cover and basecap are injection moulded components and the A-shell is manufactured in anodised aluminium. Orientation feature in cap enables registration of artwork application. Available with POM-Free Lipstick Mechanism: 68C.
