Powder Dial Pot (large)

The Large Powder Dial Pot delivers a handy, single shot of powder into the removable base by dialling and shaking the sifter to release the product. Shake again to release as many doses as required - a clean and economical way to store and apply powder or mineral formulations. The clear SAN disc on the cap allows for shade ID and opportunity to add screen print or hot foil logos; further artwork can be applied around the edge of the pack.

HCP Ref:
31Z
